

STOP RODENT-BORNE DISEASES

*In their
Tracks*

U.S. ARMY

KEEP LIVING & WORKING AREAS CLEAN AND CLUTTER FREE

- **Do not feed, handle, or keep** animals as pets
- **Disinfect areas** previously occupied by rodents
- **Exclude rodents** from living and working areas
- **Remove trash daily** and eliminate water sources
- **Keep all food out** of work and sleep areas
- **Avoid breathing dust** potentially contaminated by rodent feces or urine

Preventive medicine personnel can assist with rodent control. Contact your Chain of Command to get the appropriate experts involved.
