

# Kids Veterinary Connections

## Bite Prevention

Dogs make great family members! While most dogs are friendly, even the kindest dogs can bite.

Hugs are for people,  
not pets! Most pets  
don't like hugs.

## Be a Tree...™

If a dog you do not know comes up to you, stand as still as a tree and look at your toes. Stay like a tree until the dog walks away.

Always ask an adult before petting a dog.

Draw yourself being a tree.

Help Spot find his bone.

If a dog is eating,  
wait until he is  
done with his  
food to pet him.
